

Memories Of You

Music by Eubie Blake

Improvised piano solo by Doug McKenzie

This is a transcription of a live played improvisation. It is difficult, especially in rubato passages, to notate the rhythm accurately. Best to look at the video to see the original annotated video on my website - <http://www.bushgrafts.com> or on YouTube

E♭Maj 7 E dim F m6 F♯dim G m7 C m7 E♭/G
C m7/B♭

This harmonic scheme in the first 2 bars is common - Ain't Misbehavin', Making Whoopee .. and others

Play the first chorus very freely

First page sample

F/A A♭m6 E♭ A♭13 Gm7♭5 C7alt

The melody of the song is basically quarter notes. This invites lots of eighth note internal lines underneath the slowly moving melody
