

You And The Night And The Music

Improvised solo by Doug McKenzie

This is a transcription of a live played improvisation. It is difficult, especially in rubato passages , to notate the rhythm accurately. All the notes are there, but don't hesitate to interpret a musical phrase in your own way! Best to look at the youtube video to see the original video or on my website - <http://www.bushgrafts.com>.

Chord progression: Cm7, E/F#, Eb/F, D/E, Dm11, G7alt, Gm7b5, C7b9b9

Sample only
